01:05-01:24 Disclaimer = Multimedia in the operetta are taken from real archival sources. It reflects event in chronological order starting from June 1998 (since the day when the Arab Dream operetta ended) until February 2008.

01:29-01:32 Sinful conscience doesn't need a pointing finger to be seen.

01:34-01:37 That's why you should judge yourselves before your consciences.

01:39-01:42 You have to realize that the tree of injustice fruits with injustice only.

01:43-01:48 Who exaggerate with his surrender, will have limited thinking and will never be capable of seeing the truth.

01:48-01:52 Who believes in the life's lies, his conscience will mock him.

01:53-01:57 And the consequences of his silence will be more risky than the reasons of being silent in the first place.

01:59-02:02 While a life conscience is a human's lighthouse toward truth.

02:02-02:06 We use it to achieve the Arab Dream.

02:06-02:10 So you should let your consciences speak out
